Subject: M6H1 Harvey - Hurricane Harvey supplies needed

Hi Rebecca – found out we’re going to need to take a different path on this because, as I understand it, this work is not work that can be charged to the Hurricane Harvey ESF 10 Mission Assignment. Also as I understand, there is no Mission Assignment for this work to be charged to so the cost of these supplies would need to be paid from the regular Regional Support funding and there would be no need for a 213 or my involvement. You will need to pull back your EAS PR and route through your normal process/approvals and Heather would need to fund. Further questions should be directed to Kim Ngo. Thanks.

Subject: 213RR - Hurricane Harvey supplies needed

Hi Lisa:

I’m attaching form 213RR for supplies needed to analyze drinking water samples from areas affected by Hurricane Harvey. An EAS PR has been submitted ([PR-R6-17-00460](#)).

Thank you,

Rebecca
